

An origin declaration is the basis for a claim for preferential tariff treatment. Under this Agreement one must be on file at time of final accounting and shall include the following elements:

1. Blanket Period

- When the origin declaration is completed for multiple shipments of identical originating products within the meaning of Article 19.5, indicate the period of time for which the origin declaration will apply. The period of time must not exceed 12 months. All importations of the product must occur within the period indicated. Where a period of time is not applicable, the field can be left blank.
- If the origin declaration covers a single shipment of a good, indicate the invoice number, Bill of Lading number or Purchase Order number related to the exportation.

2. Exporter

- The origin declaration must be completed by the actual exporter in all cases.
- When the origin declaration is completed by a registered exporter the exporter's customs authorization number must be included. A customs authorization number is required only if the exporter is an authorized exporter. When the origin declaration is not completed by a registered exporter, the words in brackets must be omitted or the space left blank. If the REX number is shown, the exporter's signature is not necessary.

3. "Canada/EU" means products qualifying as originating under the rules of origin of the Canada-European Union Comprehensive Economic and Trade Agreement. When the origin declaration relates, in whole or in part, to products originating in Ceuta and Melilla, the exporter must indicate the symbol "CM".

4. Description of the Good(s) - Provide a description of the good. The description should be sufficient to relate it to the good covered by the origin declaration.
