

# ACE and ACI eManifest

[coleintl.com](http://coleintl.com)

eManifest is a Customs agency program that enables Canada Border Services Agency (CBSA) and U.S. Customs and Border Protection (CBP) to collect and risk-assess data about import shipments before they arrive at the border. The U.S. system is called Automated Commercial Environment (ACE); its Canadian counterpart is called Advance Commercial Information (ACI).

Proactive and virtually paperless, eManifest streamlines cross-border commercial processes and accelerates the customs clearance of legitimate, low-risk shipments.

To ensure our customers meet CBSA and CBP's eManifest requirements, Cole International offers two eManifest service solutions:

## eManifest Web Portal

Designed for customers who wish to manage eManifest submissions on their own, our eManifest portal connects you directly to CBSA and CBP's eManifest systems. It allows you to file ACE and ACI eManifests and receive all your entry numbers and PARS in one location.

To register, go to [emanifest.cole.ca](http://emanifest.cole.ca)

## Complete eManifest Management

Highly experienced and intimately familiar with the ACE and ACI eManifest systems, Cole International's people are ready to manage and oversee the eManifest process on your company's behalf.

To get started, please contact our Windsor, Ontario branch at [ciiwin@cole.ca](mailto:ciiwin@cole.ca) or 519.250.5646.

Note: To prepare your registration documents, we require your Canadian carrier code, complete business name, address, telephone number and fax number.
